ACCESSORIES

ŠKODA

SIMPLY CLEVER

MAKE THE ŠKODA SUPERB YOUR SUPERB.

If you want to travel first class, take a seat in the generously fitted-out ŠKODA SUPERB and indulge in its peerless space, entertainment, comfort and style.

ŠKODA Genuine Accessories offer a wide range of products that will readily expand the car's carrying capacity, make travelling more comfortable, and increase the vehicle's utility value and visual appeal.

Whether you opt for design modifications, prefer to make transporting your luggage easier, or place an emphasis on the safety and comfort of your children, ŠKODA Genuine Accessories will always deliver the optimal solution. All products are distinguished by their high quality, borne out by rigorous testing, and full compatibility with the ŠKODA SUPERB.

SAFETY

SPORT & DESIGN

The SUPERB's crystalline design language lends it a distinct look that's as dynamic as it is elegant. But if you want to throw sportiness into the mix, the right set of wheels and accessories can give it a zippy allure.

SPORT & DESIGN

Your attractive alloy wheels deserve equal care even when they aren't turning. Our set of covers makes it easier to handle them during transportation and storage. Not forgetting the interior, the stainless-steel foot pedal covers will lend it a sporty feel while perfectly complementing the decorative door sill covers.

Bolt covers

ŠKODA Genuine Accessories

Bolt covers for wheels without safety bolts:

Did you know, that...

All the alloy wheels have passed rigorous homologation tests of ŠKODA AUTO to prove their resistance to corrosion, climatic influences and driving strain? Moreover, alloy wheels are protected by a layer of extremely hard, heat-resistant paint.

INFOTAINMENT

Your personal devices needn't sit idle during the drive. ŠKODA Genuine Accessories will multiply the connectivity options of your car so the whole crew can enjoy not just the drive, but the breaks too.

INFOTAINMENT

Your new SUPERB gets on well with advanced technologies. So make the best of it! Needless to say, the higher the infotainment system level, the more interesting functions you can enjoy. Do you use a smartphone? Then get interesting car data via SmartLink+ . Do you go on long trips? The Fatigue Detection Assistant will be a perfect co-driver for you.

CARSTICK

ŠKODA Genuine Accessories

The CarStick can be used to generate an internet connection for mobile online services (ŠKODA Connect). This means that you can use the services without using an internet connection from your smartphone. You can even set up a Wi-Fi hotspot in your vehicle in just a few seconds. Simply insert a suitable SIM card into the CarStick, connect it to the USB slot in front of the gear lever and set up on the Amundsen navigation system. You can then connect any Wi-Fi enabled device to your own on-board network. (000 051 409F)

UPDATE YOUR MAPS AND SOFTWARE

Our goal is to make your life easier and your trips a pleasure. To achieve this, we prepared a new Infotainment Portal for you, using state-of-the-art technologies. Visit <http://infotainment.skoda-auto.com>, enter your vehicle VIN code and see how easy it is. The system recognises which updates you need and offers you the chance to download them comfortably at home. If you buy a new ŠKODA vehicle or navigation system, you get free map updates of your Europe navigation database for three years.

MAP UPDATES

Any road network is subject to ongoing changes, which means you must update the memory of your navigation system. This is the only way to travel securely to your destination every time, find the shortest route and enjoy your trip. For this reason, map updates save you time and money.

COMPATIBILITY LIST

This application will display your external device (smartphone, tablet) compatibility with software functions of the Infotainment system (Bluetooth, SmartLink™ etc.).

SOFTWARE UPDATES

Don't forget to update other software in your Infotainment system. From time to time software updates may be available for your SUPERB. Contact your local ŠKODA dealer for information.

MY DESTINATIONS

Through the MyDestination App you can set up destinations of your upcoming trip comfortably at home. Then you simply import the list to your navigation device. You no longer have to sit in your car while preparing your route. Controlling the navigation device is easier and more comfortable with this application.

ONE APP AND CONNECT APP

OneApp is a useful mobile application offering easy access to a wide range of services and assistance tools. You can easily check the vehicle status or a trip log or plan a trip by referencing nearby places of interest simply and conveniently on your smartphone in the comfort of your home. With ŠKODA Connect App in place, your car remains under your control at all times. Access all necessary features and functions of your vehicle anywhere and anytime from your smartphone or smartwatch. Features are available based on ordered ŠKODA Connect bundle: Infotainment Online or Care Connect.

Voice control system Amundsen/Bolero

ŠKODA Genuine Accessories

The activation software is intended for the licence approval of the Voice Control system and its successful installation. Some device functions can be operated using voice commands, the device can be used more quickly and driving the car is a more comfortable experience. The Voice Control system can be used in the following menus: Radio, Media, Telephone, Navigation. Further important information can be found in the vehicle documentation. Installation must be carried out by an authorised ŠKODA partner. (Amundsen - 000 054 802, Bolero - 000 054 802A)

Drive Activity Assistant

ŠKODA Genuine Accessories

At speeds from 65 to 200 km per hour, the system evaluates data from the power steering sensors. When it detects behaviour that may indicate fatigue (such as more intensive direction corrections via the steering wheel), it sends an audible and visual signal to the driver, recommending to take a break. (5E0 054 801)

SmartLink+

ŠKODA Genuine Accessories

(000 054 830A)

it is available only for Amundsen, Bolero

With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also includes the SmartGate function. It enables you to connect your smartphone to the car via cable to access interesting data about your drive, like driving economy, driving dynamics or service information. (Visit our website for usage terms and compatibility information for SmartLink+.)

COMFORT & UTILITY

Your car will become your best friend and helper in any situation. Just equip it with the accessories that fit your lifestyle. For example, families with kids will appreciate practical elements for the luggage compartment. Or you can select from a range of Simply Clever details, which will please not only the driver.

COMFORT & UTILITY

A car is like a second home. Keep its interior clean and cosy with textile or rubber mats. We also offer solutions that shield the chassis from dirt and stones, while others prevent your suit jacket from getting wrinkled.

Holds and lasts

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°.

The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

TRANSPORT

ROOF RACKS HOLDERS AND BOXES

When you get the basic roof rack from ŠKODA Genuine Accessories, your car will transport almost anything. Other roof systems and carriers can be mounted to the basic roof rack, such as bicycle racks, ski and snowboard racks or boxes, luggage cases etc. The basic roof rack dimensions and shape are perfectly compatible with the SUPERB model. One hundred percent compatibility of the product with the vehicle eliminates problems with installation or use. You will also avoid potential safety hazards that may occur when using non-genuine accessories.

Simulation map of stress induced by roof rack tightening

The racks undergo a number of demanding tests. Their resistance to corrosion, loading capacity, strength and durability are tested in various conditions, as well as the subsequent water tightness of the car after their installation. During the so called City Crash test, a rack loaded with 90 kg must remain on the car body under a force of approximately 12G lasting for 50 milliseconds (impact simulation).

SAFETY

There's room for personalisation even when it comes to safety. Do you have small kids? Does your dog travel with you? Do you want the safest car possible? Do you need the complete range of mandatory equipment? No matter what your priorities are, we carry a range of accessories to address them.

SAFETY

We share a common goal with you: the safest possible travel for you and your loved ones, be they your children or even, say, your pets. This is why we recommend tried-and-tested, 100% compatible ŠKODA Genuine Accessories, such as child seats and safety belts for dogs. Needless to say, the range also includes mandatory safety equipment and items that will be a godsend if the unexpected happens.

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

Practical and variable
The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

Perfectly verified
All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

Watch the child seat testing video.
